NB: GLI SCHEMI PLANIMETRICI sono DA RITENERE VALIDI PER QUANTO ATTIENE LA TIPOLOGIA EDILIZIA (materiali, ...), ma potranno subire modifiche, all'atto della presentazione del singolo permesso di costruire, in relazione a:

- redistribuzione dei volumi tra i lotti (senza variazione della possibilità edificatoria complessiva)
- posizionamento sul lotto, forma e distribuzione interna
- realizzazione ai fini dell'efficienza energetica di muri perimetrali in eccedenza rispetto al volume consentito ai sensi della normativa regionale (L.R. 33/2007, ...)
