PROVA 1

Situated in the North of Italy, in the heart of the most prosperous part of Europe, Lombardy represents a bridge to the Mediterranean. It is located in a strategic position, along the main route linking eastern and western Europe. A population of nearly 10 million inhabitants, distributed over an area of 24,000 square kilometres, makes this region in many ways similar to a nation in its own right. Lombardy is divided in 11 provinces, 1 metropolitan area (Milan) and 1523 municipalities. Milan is the capital of Lombardy. It is a dynamic and competitive reality that, thanks to its geographic position and the resourcefulness of its inhabitants, is a privileged actor in the international market.
